

9th International Seminar
MGIBR

BIODIVERSITY : Food Security & Health

April 20-21-22 , conference room, University of Tlemcen.

The International Seminar on Biodiversity: Food Security and Health is a premier global gathering that aims to explore the intricate interplay between biodiversity, food security, and human health. Recognizing the critical role that biodiversity plays in sustaining ecosystems, agriculture, and overall well-being, this seminar provides a platform for experts, researchers, policymakers, and practitioners from around the world to engage in meaningful discussions and share innovative solutions.

Biodiversity and Agriculture :

Assessing the impact of biodiversity loss on crop diversity.
Strategies for sustainable agriculture that promotes biodiversity.
Role of pollinators in enhancing crop yields and ensuring food security.

Food Security and Nutrition :

Examining the link between biodiversity, dietary diversity, and nutritional health.
Addressing challenges to food security in the face of climate change.
Innovations in agroecology and their contribution to sustainable food production.

Ecosystem Services and Human Health :

Understanding the health benefits of biodiverse ecosystems.
Exploring the impact of biodiversity loss on infectious diseases.
Integrating traditional knowledge and modern science for holistic health outcomes.

Policy and Governance :

Analyzing international policies and agreements related to biodiversity conservation.
Identifying gaps and opportunities in current frameworks for addressing food security and health.
Showcasing successful case studies of countries implementing effective biodiversity policies.

Community Engagement and Education:

Empowering local communities in biodiversity conservation.
Enhancing public awareness about the link between biodiversity, food security, and health.
Strategies for fostering a sense of environmental responsibility among the general populace.

PRINCIPAL TOPICS

Session 1: Human

Session 2: Animal

Session 3: Plant

Session 4: MicroOrganism

Key Features

Plenary Sessions:

Renowned experts will deliver keynote addresses on key issues and emerging trends.

Panel Discussions:

In-depth discussions among experts from various disciplines to provide comprehensive insights.

Research Presentations:

Platform for researchers to present their latest findings and innovations.

Workshops:

Interactive sessions focusing on practical solutions and skill development.

Networking Opportunities:

A chance for participants to connect, collaborate, and form partnerships.

The International Seminar on Biodiversity: Food Security and Health seeks to inspire collective action towards a sustainable future where biodiversity thrives, ensuring food security and promoting the health and well-being of present and future generations

21-22-23 April

Organisation Committee

Dr Kalai S M	University of Tlemcen
Dr Chaouech T	University of Tlemcen
Dr Azzi R	University of Tlemcen
Dr Salah Z	University of Tlemcen
Dr Taibi W	University of Tlemcen
Dr Meghelli I	University of Tlemcen
Dr Kaouadji Z	University of Sidi Belabbes
Dr Belkhadem S	University of Tlemcen
Dr Labbaci M	University of Naama
Dr Benhamadi M	University of Tlemcen
Dr Benyarou M	University of Tlemcen
Dr Haddam H.Y	University of Tlemcen
Dr Kidoud B	University of Tlemcen
Dr Belharfi F.Z	University of Tlemcen
Dr Selka S	University of Tlemcen
Dr Ayed S	University of Tlemcen
Dr Haddadi I	University of Tlemcen
Dr Mediouni R	University of Naama
Dr Bellabbes M	University of Sidi BelAbbes
Dr Abdelali O	University of Tlemcen
Dr Ilias F	Univ of Ain Temouchent
Dr Benbarka L	University of Tlemcen
Mme Benyahia S	University of Tlemcen
Mr Aissaoui O	L.A.S.T.J Association
Mr Moumani M	Director of P.N.T
Ms Hesnaoui I	University of Tlemcen
Mr Tabet Aoul W	University of Tlemcen
Ms Mebkhout H.F	University of Tlemcen

Scientific Committee

Pr. Olivier Hanotte	Univ of Nottingham	UK
Pr. Abdulmojeed Yakubu	Univ of Nasarawa	NIGERIA
Pr. Felix Meutchieye	Univ of Dschang	CAMEROUN
Pr.Elena Ciani	Univ of Bari	ITALY
Pr.Gudrun Brockmann	Univ of Humboldt	GERMANY
Pr. Nacer Mhamedi	INAT	TUNISIA
Pr. Michèle T.Boichard	INRAE	FRANCE
Pr. Stéphane Fabre	INRAE	FRANCE
Pr. Magda B.D.kharrat	European Forest Institute	FRANCE
Pr. Atef Jaouani	Univ of El-Manar	TUNISIA
Pr. Kazi Kahia	GenEthical Laboratoy	ALGERIA
Pr. Ahcène Hakem	CRAPast	ALGERIA
Dr. Mohamed Oueld Ahmed	HITE	MAURITANIA
Dr. Malika Aid-Boudries	Univ of Harvard	USA
Dr. Touati Benoukraf	Memorial University	CANADA
Dr. Ibeagha- Anemu Eveline	SRDC	CANADA
Dr. Abdoallah Sharaf	Univ of Ain-Shams	EGYPT
Dr. Ahmed M.Alqudah	Univ of Qatar	QATAR
Dr. Rahmatalla A Sihem	Univ of Berlin	GERMANY
Dr. Pamela A.Burger	Univ of Veterenary Medicine	AUTRICHE
Dr. Sameh Menasri	Gene Bank	TUNISIA
Dr. El-Bouyahyaoui Rachid	INRAA	ALGERIA
Dr.Tefiel Hakim	Univ of Tissemsilt	ALGERIA
Dr. Chahbar Mohamed	Univ of Tissemsilt	ALGERIA
Dr. Djaout Amel	INRAA	ALGERIA
Dr. Kdidi Samia	Arid Regions Institute	TUNISIA
Dr. Menani Achour	Univ of Sétif	ALGERIA
Dr. Ameer Abdelkader	Univ of Tlemcen	ALGERIA
Dr. Gherissi Djalel Eddine	Univ of Souk-Ahras	ALGERIA
Dr. Mkedder I	RHUMeS Tlemcen	ALGERIA

GENERAL INFORMATION

Language of the Seminar :
Arab, French and English
Reception of the summaries (limiting date) :
20 February 2024
Notifications of acceptance of the
summaries :
01 March 2024

PRESIDENT OF HONOR:
Prof. Meghachou Mourad

VICE PRESIDENT OF HONOR:
Prof. Soulimane Nassima

PRESIDENT OF THE SEMINAR:
Prof. Gaouar S.B.Suheil
University of Tlemcen

VICE PRESIDENT OF THE SEMINAR:
Dr. Sidhoum Mohamed
University of Sidi Belabes

SCIENTIFIC COMMITTEE PRESIDENT

Prof. Cino Pertoldi
University of Aalborg , Danmark
